Description For sensitive skin. Made from natural oils and carefully selected Ayurvedic herbs for day long comfort.

Pamper your skin with rich herbal body lotions
 Our body lotions are not superficial moisturizers. They contain a significant quantity of herbal ingredients that have a penetrating, cumulative effect, helping to nourish, balance and protect your skin. Renowned cooling Ayurvedic herbs such as Sandalwood, Sacred Fig and Blue Water Lily continue to perform their magic long after you've left the shower. Plus, restorative vitamins, antioxidants, and the rich essential oil of Ylang Ylang help support healthy skin cell growth and keep skin looking and feeling soft and silky. Unlike other moisturizers that contain harsh chemicals, our lotions work gently, yet effectively, so you can smooth them on day after day, year after year, for silky-smooth hands, feet and body
