**Description** To help uplift the emotions and self-confidence.

This herbal formula nourishes the mind-body connection by strengthening cells and uplifting your emotions -- for a renewed feeling of energy, happiness and an overall sense of well-being.

The herbs and minerals in Blissful Joy help to support metabolism and revitalize cell growth for natural energy, alertness, well-being, resistance to stress and improve stability.

Herbal Masterpiece

The herbs in Blissful Joy are combined in precise proportions and prepared in the ayurvedic way. This improves bioavailability of vital nutrients. It also creates synergy -- the collective benefit is much greater than isolated, individual herbs.

- Arjuna is especially known to strengthen the heart and emotions (Sadhaka Pitta).
- Ashwagandha and Holy Basil, have powerful "adaptogenic" properties. They assist the body's natural resistance to stressful situations.
- Ashwagandha is also very effective in balancing the mind (Prana Vata) and maintaining emotional stability.
