**Availability** Stock item in UK

**Description** For Normal-Oily Skin  
Kapha Face Cream is a smooth, light, natural liquid crystal emulsion formulated for the daily skin care treatment of oily skin.  
It contains active ingredients that work to normalise and improve the quality of sebum, the skin's natural moisturiser, over time. Regular application reduces the occurrence of blemishes typical of Kapha skin, which is particularly oily, making it silky and radiant without appearing shiny or greasy.
