Availability	Stock item in UK		
Description	<p>Anti-Cellulite Formula</p> <p>This anti-cellulite body lotion is a natural liquid crystal emulsion with a high concentration of active ingredients for the specific treatment of skin imperfections caused by fatty deposits and water retention. It contains extracts that help maintain resistance to fluid build up in the tissues and the associated inflammation. It also improves microcirculation by promoting tissue drainage. From the very first application you will feel a pleasant sensation on the skin, which helps combat the classic (orange peel) effect. It will help your skin achieve an unrivalled silkiness.</p>
