**UK Product Name** Herbal Digest tablets (MA927) **Code Name** MA0927  
**Availability** Stock item in UK

**Description** Helps balance appetite and support digestion. Makes food more satisfying and nutritious.  
Balance your appetite and improve your digestion  
Good nutrition goes beyond eating foods that are fresh and wholesome. If the process of digestion is sluggish, your body creates sticky food residue called Ama that can clog the channels in the body and hinder the process of assimilation. Proper digestion and metabolism, on the other hand, results in the conversion of the foods you eat into healthy body tissues. Herbal Digest is a blend of 13 ayurvedic herbs and spices that supports assimilation and elimination, so you won't feel dull and heavy after meals.

Herbal Digest supports digestion at each step from a good appetite to better health by:

- balancing the five key aspects of digestion
- reducing digestive impurities
- promoting a regular appetite and naturally balancing cravings
- making you feel more light and comfortable
- making food more satisfying and nutritious

The herbs in Herbal Digest are combined in precise proportions and prepared in the traditional Ayurvedic way. This improves the bioavailability of vital nutrients. It also creates synergy -- the collective benefit is much greater than that of isolated, individual herbs.

·Pomegranate Seeds help balance and stimulate both the appetite and the process of digestion. The seeds are processed in the unique and specific way described in traditional texts. This maximizes the potency.

·The ingredients in Herbal Digest include the six ayurvedic tastes: sweet, sour, salty, pungent, bitter and astringent. Each taste stimulates a different aspect of digestion and metabolism.

## Ingredients

Botanical Name	Common Name	Plant Part	Rank	%	Quantity(mg/500mg)
Saccharum officinarum Linn.	Sugar Cane	juice of stem	1	40.31	201.6
Carum carvi L.	Caraway	seed	2	12.65	63.3

<b>UK Product Name</b>	Herbal Digest tablets (MA927)	<b>Code Name</b>	MA0927
<b>Availability</b>	Stock item in UK		
<b>Usage</b>			
<b>Age Group</b>	All		
<b>Dosage Form</b>	500mg tablet		
<b>Method of Use</b>	To support appetite take 1-2 tablets twice daily 10 minutes before main meals with a little warm water or warm milk. To support digestion and maintain balanced gas production take 1-2 tablets 15 minutes after meals preferably with a little salted lassi. (Lassi = one part fresh yoghurt blended with 2 parts water with a small pinch of salt).		
<b>How Long to Continue Use?</b>	As recommended in the General Information leaflet.		
<b>Specific Dietary/Lifestyle Advice</b>	chewing food stimulates enzymes which prepare the digestive tract for action. Then the digestive fire (Jatharagni) is controlled by three factors: Pachaka Pitta that breaks down the food; Samana Vata that moves and stirs the food separating nutrients from waste; Kledaka Kapha that moistens and lubricates. Eat at regular times; eat in a settled atmosphere and attend to the food while eating.		
<b>Presentation</b>			
<b>Presentation</b>	60 tablets in an amber PET pot with t/e lid		
<b>Net Weight grams</b>	30		
<b>Storage</b>	Store in a cool, dry, dark place, tightly closed		
<b>Shelf Life (months)</b>	36		
<b>Regulatory Status</b>	Food Supplement
